RE: Donation of Sugar Shack Structure in City Park

Background: City Park has an abundance of Sugar Maple trees that provide natural beauty and shade to the Park. Pure maple syrup is made by concentrating the slightly sweet sap of the Sugar Maple tree. The process starts with drilling a tap hole into a maple tree. A spout is inserted to direct the sap to either a bucket or into tubing that sends the sap to a large collection tank. After harvesting in the trees, the sap is transported to a Sugar Shack where it boils down to become maple syrup.

At the Committee of the Whole meeting on March 23, 2023 Alder Nelson presented a concept of building a Sugar Shack in City Park to provide a permanent location for maple syrup production as part of the annual Maple Festival and also to provide a location for educational demos for children and adults. The direction from the Committee was to move forward with the project. A non-profit named Plymouth Maple Association was created to lead the project.

The location of the sugar shack will be in the northwest corner of City Park marked by the red square on the map on the following page. The design of the Sugar Shack is included as Attachment 1. Formal approval is required by the Common Council to approve the location and accept the donation. Plan Commission would review and approve the design of the building. The building inspector will require the structure to be built to code and adhere to all permit requirements.

Staff recommends that any donation to the City from the Plymouth Maple Association be subject to indefinite maintenance and operations agreement between the City and the Plymouth Maple Association to restrict City expenses related to the structure. An agreement will be presented for review at a future meeting.

Recommendation: Acceptance of the Sugar Shack Structure in City Park subject to finalization of a maintenance and operations agreement between the City and the Plymouth Maple Association.

RE: 2024 Capital Project: Purchase of DPW Trucks

As part of the 2024 Capital Improvement Plan (adopted on 11/14/2023) dollars were allocated to replace two pick-up trucks in the Public Works Department. Quotes were provided by Ewald Automotive as they currently hold the State of Wisconsin contract for trucks and we continue to use Monroe Truck Equipment for the accessories to have uniformity in our fleet.

One truck is an F150 with a lift gate.

- Truck: Ewald Automotive Group, Hartford: \$41,758
- Lift Gate and Safety Lights: Monroe Truck Equipment, DePere: \$10,351

The other truck is a F350, with an aluminum utility box and a lift gate.

- Truck: Ewald Automotive Group, Hartford: \$51,769
- Aluminum Box, Lift Gate and Lights: Monroe Truck Equipment, DePere: \$36,400

The two trucks come to a total of \$140,278. The budget allocated a total of \$141,500 for these two vehicles.

If approved, the trucks are anticipated to be delivered November/December 2024.

Recommendation

To approve the purchase of two trucks from Ewald Automotive Group for a total of \$93,527 and the purchase from Monroe Truck Equipment for a total of \$46,751.
