8. Ordinances:

A. Ordinance No. 1 Amending Section 10-1-51 of the Municipal Code of the City of Plymouth, Wisconsin Regarding Parking of Oversized Vehicles – Ken Ruggles, Police Chief

B. Ordinance No. 2 Amending Section 5-2-9 of the Municipal Code of the City of Plymouth, Wisconsin Regarding Open Burning – Ryan Pafford, Fire Chief

9. Adjourn to 7:00 PM on Tuesday, February 28, 2024

It is likely a quorum of members of other governmental bodies of the municipality may be in attendance at the above stated meeting to gather information. No action will be taken by any governmental body at the above stated meeting other than the governmental body specifically referred to above in this notice.

Please note that, upon reasonable notice, efforts will be made to accommodate the needs of disabled individuals through appropriate aids and services. For additional information or to request this service, please contact the City of Plymouth ADA Coordinator Leah Federwisch, located in the Plymouth Utilities office at 900 County Road PP, Plymouth, WI or call 920-893-3853.

**CITY OF PLYMOUTH, WISCONSIN
TUESDAY, JANUARY 30, 2024 COMMON COUNCIL MEETING
128 SMITH ST. PLYMOUTH, WI 53073**

UNOFFICIAL MINUTES

1. **Call to order and roll call:** Mayor Donald Pohlman called the meeting to order at 7:00 PM. On the call of the roll, the following Alderpersons were present: Greg Hildebrand, Angie Matzdorf, Diane Gilson, Mike Penkwitz, Jeff Tauscheck, John Nelson, Dave Herrmann and Bob Schilsky,
2. **Pledge of Allegiance**
3. **Approval of the Consent Agenda (Alderpersons may request removal of item(s), or part thereof without debate or vote):** Motion was made by Matzdorf/Schilsky to approve the consent agenda. Upon the call of the roll, all voted aye. Motion carried.
 - A. **Approve minutes of the meeting held January 9, 2024**
 - B. **Approve City and Utility Reports:**
 - I. **Electric, Water and Sewer Sales Report – December 2023**
 - II. **Utility Related Write Offs for January – \$2,671.90**
 - C. **Minutes acknowledged for filing –Police and Fire Commission: December 5 – Housing Authority: January 10 – Community Television: November 20**
4. **Audience Comments: Citizens comments must be recognized by the mayor or presiding officer and are limited to three minutes per person from those signed in on the registration sheet located at the back of the Council Chambers prior to the start of the meeting.**
5. **Items removed from Consent Agenda:**
6. **Annual Report**
 - A. **Library Report Presentation** – Library Director Jochman gave her annual library report presentation.
7. **Public Hearing on Mill Pond Dam followed by Discussion:** Mayor Pohlman declared the public hearing open at 7:12 PM regarding the Mill Pond Dam. With there being no public comment the Mayor called the Public Hearing closed at 7:13 PM.
8. **Proclamation**
 - A. **National Future Business Leaders Week February 11-17, 2024 – Mayor, Donald Pohlman:** Item was not discussed, no action was taken.
9. **New Business:**
 - A. **Approval of Agreement with ANR – Project Acceleration Cost Agreement**– City Administrator/Utilities Manager Blakeslee explained that ANR pipeline company is a current customer of Plymouth Utilities. ANR is in the process of expanding its natural gas to Kewaskum Compressor Station just north of Beechwood. Over the past several weeks during discussion between the Utility and ANR regarding the finalization of a side letter/MOU it was determined that requested conditions and funding amount involved for project

acceleration would be better suited to a new agreement approved by the Common Council rather than a simple side letter/MOU. Motion was made by Hildebrand/Tauscheck to approve ANR-Pre-Construction Elective Service Reimbursement Agreement subject to final attorney/staff concurrence and approval of agreement language. Upon the call of the roll, all voted aye. Motion carried.

B. Discussion of Amendment for 5-2-9 Open Burning Ordinance- Fire Chief Pafford explained that an ordinance change is being requested to eliminate the need to pull a permit for residential recreational bonfire or fire pits. Talking with surrounding communities, Plymouth is the only community that currently requires a fire pit permit. Mayor Pohlman requested this item be on the next agenda for approval.

10. Adjourn to 7:00 PM on Tuesday, February 13, 2024: Motion was made Nelson/Tauscheck to adjourn the meeting. A unanimous aye vote was cast. Motion carried.

Report Criteria:

Detail report.
 Invoices with totals above \$0 included.
 Paid and unpaid invoices included.

**PLYMOUTH PUBLIC LIBRARY BOARD OF TRUSTEES
MEETING MINUTES
November 6, 2023**

Meeting was called to order by K. Murray at 6:31 pm. Present were: S. Britt, M. Kaczowski, A. Matzdorf, B. McKnight, S. Gloede, M. Hummitzsch, K. Murray, and P. Norlander. Also present: Library Director L. Jochman

There was no public comment.

Motion by S. Britt, second by P. Norlander to approve the minutes of the October 2, 2023 meeting. Motion passed unanimously.

Motion by B. McKnight, second by M. Hummitzsch to approve the financial report for October 2023. Motion passed unanimously.

Director L. Jochman reviewed some highlighted items on her monthly report. This included an update on a roof leak, news from the Wisconsin Library Association Conference, and an update on a patron trespass.

Old Business

Director L. Jochman updated the Board on a meeting between City Attorney Fieber and members of the Library Foundation. P. Norlander moved to formally request the Library Foundation fund the remainder of the cost of a space needs studies not to exceed \$30,000.00, second by S. Britt. Motion passed unanimously.

Director L. Jochman updated the board on questions they had about the proposal for Crexendo VOIP phone Service. Motion by P. Norlander to approve the contract with the 90-day cancellation clause, second by S. Gloede. Motion passed unanimously.

Director L. Jochman presented the updated Collection Development policy discussed the previous meeting. Motion by S. Britt to approve the revised policy, second by M. Kaczkowski. Motion passed unanimously.

New Business

Director L. Jochman updated the board on end of year spending. Items include more playaways for all ages and getting a head start on the computer replacement plan.

Announcements

There were no announcements.

Motion by S. Gloede, second by B. McKnight to adjourn. Motion passed. Meeting was adjourned at 7:19 pm.

**PLYMOUTH PUBLIC LIBRARY BOARD OF TRUSTEES
MEETING MINUTES
December 4, 2023**

Meeting was called to order by K. Murray at 6:30 pm. Present were: S. Britt, M. Kaczkowski, A. Matzdorf, B. McKnight, M. Hummitzsch, and K. Murray. Absent were: P. Norlander and S. Gloede. Also present: Library Director L. Jochman

There was no public comment.

Motion by S. Britt, second by B. McKnight to approve the minutes of the November 6, 2023 meeting. Motion passed unanimously.

Motion by B. McKnight, second by M. Kaczkowski to approve the financial report for November 2023. Motion passed unanimously.

Director L. Jochman reviewed some highlighted items on her monthly report. This included an update some facilities issues, the Library Aide position, the Community Read, and the Space Needs request.

Old Business

Director L. Jochman updated the Board on the regular meeting of the Library Foundation. The Foundation approved the funding for the Space Needs study. They also approved the formation of a committee to update the By-Laws and form an agreement on funding requests moving forward. S. Britt volunteered to be a member of the committee.

New Business

Director L. Jochman outlined updates to the Board of Trustees By-Laws to include wording to permit virtual attendance. The Board will vote to approve the revision at the next regular meeting.

Director L. Jochman presented the dates the library will be closed to observe holidays in 2024. Motion by M. Kaczkowski to approve the dates, second by S. Britt. Motion passed unanimously.

Director L. Jochman presented a plan to move to automated phone calls for hold notices and overdue notices starting in January 2024. Motion by S. Britt to approve automated phone calls in 2024, second by M. Hummitzch. Motion passed unanimously.

Announcements

Director L. Jochman reminded everyone that due to the New Years Holiday the next meeting of the Board of Trustees will be January 8, 2024.

Motion by S. Britt, second by A. Matzdorf to adjourn. Motion passed. Meeting was adjourned at 7:21 pm.

February 1, 2024

Members present: Chairman Don Pohlman, Carole O'Malley, Jeremy Schellin, Greg Hildebrand, Randy Schwoerer, Jim Droste, Ron Nicolaus.

Absent: None

Staff Present; Administrator Tim Blakeslee, Fire Chief Ryan Pafford

The Plan Commission meeting was called to order by Chairman Pohlman at 6:00.

- 1.) Approval of Minutes from December 7, and December 29, 2023. Motion to approve both meeting minutes made by Schwoerer, and seconded by O'Malley. On the roll all voted aye to approve.
- 2.) **Extraterritorial Survey Map** seeking approval: PART OF THE SW ¼ OF THE SE ¼ OF SECTION 36, T15N R21E, TOWN OF PLYMOUTH, SHEBOYGAN COUNTY, WISCONSIN. W4668 Sumac Road, Plymouth. Owner Tom Schultz was present. Schultz stated [they] had purchased a 64 acre parcel. Two parcels were created at 5 acres each. The homestead, and an additional 5 acres. The balance would remain as farmland. This division is about 1 mile east of STH 57 on Sumac Road. Member Hildebrand made the motion to approve, with a second by Nicolaus. On the roll all voted yes to approve.
- 3.) **Sign placement seeking approval:** Per Sec 13-1-106(j) *A sign identifying a planned shopping center grouping may be permitted with the approval of the plan commission, and the commission may, in such case, modify the regulations applicable to the height, size, and location of such sign consistent with the spirit and intent of the regulations.* 2133 Eastern Ave., Fairfield Plaza. Lance McTrusty and Paul Butler from Bauer Sign, and Condo Association President Mike Schields were present. Paul Butler explained the situation and design to the Plan Commission members. Starting several years ago, permission was granted to move the Fairfield Plaza sign due to it's location interfering with the O'Reilly Auto build. The O'Reilly Auto site was subsequently parceled off, thus creating a non-conformance with a sign greater than 200 square feet per side, which was about how large the old Fairfield Plaza tenant sign was. A sign permit was issued for a smaller design that would have conformed to the smaller allowed sign square footage allowed for smaller parcels. Bauer sign had apparently reconstructed a larger sign, as initially intended. With the sign square footage being in the excess of what the Ordinance allowed, verified by the City Attorney, per Sec 13-1-106(j) allows the Plan Commission to approve a sign larger than allowed for a planned shopping mall. Member Schellin asked about the sign being built as being actually larger, as well questioning the smaller sign. Chairman Pohlman stated that the Plan Commission was to address the "final product" design. Motion to approve made by Schwoerer, and seconded by Nicolaus. On the roll all voted yes to approve the larger sign.

- 4.) **City Park Building Design seeking recommendation to City Council for approval.** A Maple “Sugar Shack” design being considered for construction at City Park. John Nelson representing the Plymouth Maple Syrup Association was present. The maple shack is intended to be utilized for making maple syrup from trees within the City. Plans are to construct the shack with Ash timbers, side with White Pine or Hemlock, and install a metal, standing seam roof. Construction of the shack will be performed by volunteers to include High School students in the industrial arts program. Motion to approve made by Hildebrand, and seconded by Schellin. On the roll all voted yes to approve.

- 5.) **Communication – Letters, E-mails, or reports Related to the Plan Commission;** No items were brought forward.

Motion to adjourn by Nicolaus, seconded by O'Malley

City of Plymouth
Police and Fire Commission Meeting
Tuesday, January 16, 2024 @ 8:30 A.M.
Room 210

Plymouth City Hall, 128 Smith Street, Plymouth, WI 53073

Members Present: President Mark Melcher, Vice President James Flanagan, Secretary Warren Wieser, Sam Suchon, Gary Rooker, Police Chief Kenneth Ruggles, Deputy Police Chief Matt Starker, and Fire Chief Ryan Pafford.

President, Mark Melcher, called the meeting to order at 8:30 A.M. in Room 210 @ City Hall, located at 128 Smith Street, Plymouth, Wisconsin.

January 9, 2024, Police and Fire Commission Meeting was cancelled due to weather.

A motion made by Sam Suchon and seconded by James Flanagan to approve the Police and Fire Commission meeting minutes of December 5, 2023. Motion carried.

Plymouth Police Department update by Police Chief Kenneth Ruggles. Listed below are the areas he reported on:

- 1 - Police Chief reported that patrol officer David Kobalt has retired, and they have posted the position for his replacement.
- 2 - Police Chief reported that the Police and Fire Commission By-Laws are on the City of Plymouth Police Department web site. Plymouth Police Department web site is: <https://plymouthgov.com/police> under Police Resources. The availability of the by-laws on the Fire Department web site are in process.
- 3 - Police Department ordered three new police cars from Ford Motor Company.

Plymouth Fire Department update by Fire Chief Ruyan Pafford.

The Police Chief presented a revision to the November 2023 chart he presented at the last meeting. The new chart will be emailed to committee members,

Motion by Sam Suchon and seconded by Warren Wieser to approve the Plymouth Fire Department 1st Assistant Chief - EMS job descriptions. Motion carried.

Review of Fire Chief job description was tabled. This will move to next month's agenda.

Motion for adjournment at 9:33 A.M. Motion made by Sam Suchon and seconded by James Flanagan.

Submitted on the sixteen day of January 2024.

Warren Wieser--- Secretary

**Plymouth Community Television
Board Meeting 01/08/2024**

Checking: 1,802.47
Unrestricted: 2,089.13
Restricted: 17,800.44

Attendance: Kurt Zolp, Mike Penkwitz, Virginia Stemper, Gary Kaiser, Mike Briggs and Konrad Kaczowski

TO: Mayor and Common Council

FROM: Tim Blakeslee, City Administrator/Utilities Manager

RE: Discussion and Action on Approval of Resolution No. 1 Approving the Replacement of the Mill Pond Dam

Background: In 2015, the City of Plymouth received a notice from the Wisconsin Department of Natural Resources (WDNR) that required the spillway capacity of the Mill Pond Dam to be brought into compliance with NR333.06 within 10 years (2025). As part of the 2023 Budget, the City included funding to hire an engineering firm to provide services to assist the City in making the decision on whether to remove the dam completely or make necessary upgrades/replace the dam to meet DNR regulations.

The City issued a Request for Qualifications (RFQ) in early 2023 and received proposals from Kapur & Associates and Ayres Associates. In March 2023, Ayres Associates was selected to complete a study providing options available. Ayres has significant experience in both dam removal and dam upgrade/replacement. In addition, The City of Plymouth was also allocated \$1,000,000 in the 24-25 State Budget for the removal or restoration of the dam. Ayres has reviewed the options and completed the Mullet River Dam Spillway Improvement and Dam Removal Feasibility Study. Ayres presented the study and the four various dam removal and replacement options on October 28, 2023. A Public Open House and Public Hearing were conducted on January 30, 2024 to provide the community an opportunity to learn more about the project and provide feedback. Public comments were also received via an online survey and are attached for review.

Resolution Information:

A decision for Common Council to decide whether to replace or remove the Mill Pond Dam is the first of three items related to the dam on the agenda for consideration. Attached for review is Resolution No. 2024-1, which directs the replacement of the Mill Pond Dam. If the Council opts to remove the dam, the resolution language can be adjusted accordingly. Resolution No. 1 accomplishes the following:

- Expresses the Common Council's intention to replace the Mill Pond Dam.
- Empowers the City Administrator/Utilities Manager to seek and accept grants available for the project.
- Authorizes the City Administrator/Utilities Manager to incorporate the Mill Pond Dam project into the 2025 borrowing for any expenses beyond those covered by grants and/or the capital improvement fund.
- Instructs Staff to take all necessary steps to advance the project with the chosen dam option (discussed during item 7A).
- Grants the City Administrator/Utilities Manager the authority to request an extension of the timeline from the Department of Natural Resources (DNR) if necessary.

Recommendation: Motion to approve Resolution No. 1 Approving the Replacement of the Mill Pond Dam

CITY OF PLYMOUTH, WISCONSIN

RESOLUTION NO. 2024 - 1

A Resolution of the City of Plymouth Common Council Approving the Replacement of the Mill Pond Dam

WHEREAS, in 2015 a notice was issued from the Wisconsin Department of Natural Resources (WDNR) that required the spillway capacity of the Mill Pond Dam to be brought into compliance with Wis. Admin. Code NR § 333.06 within 10 years (2025); and

WHEREAS, as part of the 2023 Budget, the City included funding to hire an engineering firm to provide services to assist the City in making the decision on whether to remove the dam completely or make necessary upgrades/replace the dam to meet DNR regulations; and

WHEREAS, in March 2023, Ayres Associates was selected to complete a study providing options available. In October 2023, Ayres presented the Mullet River Dam Spillway Improvement and Dam Removal Feasibility Study to the Common Council. In addition, the Common Council hosted an open house, public hearing, and online survey to gauge public opinion.

WHEREAS, furthermore, the City of Plymouth received allocation of \$1,000,000 in the State of Wisconsin 2023-25 Biennial Budget for the removal or restoration of the dam and the City of Plymouth must complete the Municipal Dam Grant application to receive the funding.

NOW, THEREFORE, BE IT RESOLVED, by the Common Council of the City of Plymouth, Sheboygan County, Wisconsin that:

1. **Decision Regarding Dam:** The City shall replace the Mill Pond Dam as required by the Department of Natural Resources (DNR) in accordance with NR § 333.06.
2. **Future Grants:** The City Administrator/Utilities Manager is hereby permitted to apply for and accept grants as available to reduce the fiscal impact of replacing the dam on the residents of Plymouth. This includes completing, signing and submitting, all materials and paperwork related to the State of Wisconsin Municipal Dam Grant and any other grant deemed appropriate.
3. **Additional Costs:** The City Administrator/Utilities Manager is hereby permitted to include the Mill Pond Dam project in the upcoming 2025 borrowing for any costs beyond those covered by grants and/or the capital improvement fund. If estimated project costs exceed the amount indicated in the Dam Spillway Improvement and Dam Removal Feasibility Study, the Common Council will be notified.
4. **Dam Replacement Option:** Following the selection of the Dam Replacement Option by the Common Council, the City Administrator/Utilities Manager, and at his direction other municipal staff, are directed to take all appropriate action to move the project forward with the selected option at a timely pace.
5. **Project Extensions:** The City Administrator/Utilities Manager has the authority to request a timeline extension from the DNR should it be required to meet the project schedule.

Adopted: _____, 2024.

CITY OF PLYMOUTH

By: _____
Donald O. Pohlman, Mayor

By: _____
Anna Voigt, Clerk

CERTIFICATION

I hereby certify that the foregoing Resolution was duly adopted by the City of Plymouth, Wisconsin on this _____ day of _____, 2024.

Anna Voigt, Clerk

Name	Address	City	State	Zip	Response
Alan w knuth	521 North st	Plymouth	WI	53073	I'm in favor of keeping the mill pond! It's a beautiful addition to our community and not much more expensive than removing it.
Angela Johanning	611 Bishop Ave	Plymouth	WI	53073	Rebuild the dam.
Angela Koran	929 Mockingbird Ln	Plymouth	WI	53073	I vote to repair and not replace.
Avery	426 Pennsylvania Ave	Sheboygan	WI	53081	Please do not remove the Mill Pond, it is beautiful and home to various wildlife. Any replacement like a park would not be comparable
B B	W5231 Sumac Rd	Plymouth	WI	53073	Replace it, this is a city icon. Skating, fishing, and the businesses downstream are dependent on the dam.
Barb Semrad	829 Mockingbird Ln	Plymouth	WI	53073	Keep the pond! Fix the dam if need be, but the pond is part of who we are
Barbara Gannon	30 Reed St	Plymouth	WI	53073	Please keep the Mill Pond Dam and update as needed
Barry Reynolds	2402 N 5th Street	Sheboygan	WI	53083	If the dam serves an actual purpose for city's infrastructure or local industry, then repairing or replacing makes sense. But if it doesn't, it is a liability to downstream residents. And replacing it is awfully expensive just so a few residents can keep "their view".
Becky Seifert	425 N Stafford St	Plymouth	WI	53073	I don't want the mill pond dam removed.
Betsy Wiltzius	102 Forest Ave	Plymouth	WI	53073	REPLACE the dam, please
Bette Adams	738 Eastern Ave	Plymouth	WI	53073	I am definitely in favor or replacing the dam. Thank you.
Bill McCreedy	403 S. Bruns Ave	Plymouth	WI	53073	Remove the Dam. In reviewing the material, there is no rational reason to keep the Dam. Yes it will cost tax dollars to remove it but it will be more tax dollars to replace it and maintain it. Please inform the taxes payers how much will be on their property tax bill each year and for how many years to remove the dam or to replace the dam including maintaining it. Removal of the Dam will have no effect on Plymouth as a whole, most people who visit Plymouth's downtown don't even know we have a dam. Remove the Dam.
Brenda Saladini	821 Torke Terrace	Plymouth	WI	53073	Replace
Brian Johnson	432 Fairview Dr.	Plymouth	WI	53073	Replacing
Brian Koll	3206 South Pennsylvania A	Milwaukee	WI	53207	I support removing the dam.
CAROLE O'MALLEY	357 S Pleasant View Rd., Ap	Plymouth	WI	53073	I have done a bit of research and have come to a decision. The pros to remove the dam are environment. Faster moving water would make the river downstream more oxygenated. There would be less contamination and sludge and future weed problems in the pond.. To repair the dam would be less expensive than removal. To remove the dam, the Mill pond base would have to be dredged to guide the upstream river down the designated path to align with the downstream. To remove the dam, the currently wet area around the new river path would have to also be dredged to clean up 100 years of potential environmentally unfriendly toxins. The smell would be a cause for complaint for MANY weeks, Any invasive weed from upriver would be allowed to grow adding more expense to the city. I do believe the city would own the land uncovered by the dam/pond removal. Therefore the city may be involved with a few law suits for non-custodial care of that area. Plus, it will take months/years for that area to really dry out to be put to use as a park. And last, but not least, with no water frontage, property values may decrease. With what I have read from a few gov't and newspapers from cities also reviewing a mill dam removal, I would vote to repair the dam. My 2nd Survey - 1st Survey was pros/cons of removal/repair. I opt for repair. My 2nd Survey I opt for #3 - Split gates. Seems to be most operational for possible future problems.
Chris Gerend	2006 Travis Ct	Plymouth	WI	53073	We need to replace the damn. The river is an integral part of the downtown area. If we take the dam out, that makes it a creek and muddy mess. The houses along the river will look ridiculous framing a small creek and the values will drop, which will cascade across the city. There is no choice but to replace the dam and save the city.
Christopher Hill	603 mcolmst	Plymouth	WI	53073	The mill pond is a beautiful site for plymouth and would not be entirely good to see it go. Ice skating and kayaking would be gone forever and having the dam is a part of this towns history
Christopher Kund	730 Davenport Rd	Plymouth	WI	53073	The dam is a staple of the downtown area and needs to stay!

Name	Address	City	State	Zip	Response
Cindy Albright	445 W Evergreen Dr	Appleton	WI	54913	Please don't remove it. I was born and raised in Plymouth and enjoyed every aspect of the mighty mullet for years from catching crayfish, bullheads, ice skating for hours and warming up in the old ice shack and then the new one. Seeing the beauty of the pond and river from my sisters house on North St. I lived on Willowbrook Dr right across the street from the river, lots of fun there too. I couldn't believe how horrible it looks now since the dam was taken out there on Meyer Pond. I believe it's the DNR trying to remove the dams, if so they have made a lot of errors over the years. The DNR has done a lot of good too, I just think this isn't a good move.
Cory Soberg	N5547 County Road Zz	Plymouth	WI	53073	Yes rebuild the damn
Dale Brienen	220 Western Ave	Plymouth	WI	53073	Save the dam. Rebuild it.
Dale Stoltzman	116 South Hills Court	Plymouth	WI	53073	I think it's great that the City of Plymouth will replace the existing Mill Pond Dam, rather than remove the pond and dam.
Dan Huibregtse	232 South Milwaukee Stree	Plymouth	WI	53073	My vote is to keep the dam and make it a focal point for our community. It adds opportunities to our city such as winter skating for our children, kayaking for residents/non residents. It is an avenue for wildlife within our established ecosystem. I would vote for the stainless steel door option.
Darren Munson	803 Ridge Pointe Dr.	Plymouth	WI	53073	-Either choice (dam/no dam) must improve water quality. The pond is in decline and aside from nostalgic value, it's recreational and aesthetic value are linked to water quality. -The Meyer Park dam removal project should be used as a basis for comparison. -On going costs associated with dam maintenance as well as costs associated with dealing with silt and other environmental issues should be considered. -Have options following dam removal such as creating a path around the river formed on land ceded by homeowners willing to obtain a tax break on newly exposed land? -Have the costs of a catastrophic weather event been considered with a dam or no dam? -Have the aesthetic and economic impacts to the city at large been considered? Keeping the dam keeps the status quo mostly unchanged, but what about the aesthetic and economic impact potentials of no dam?
Dave Strobel	721 N. Milwaukee St.	Plymouth	WI	53073	The Mill Pond must be saved. It is an iconic landmark and the face of Plymouth. Because it is something that will be there for years to come I would vote for the most expensive alternative for a new dam. Thanks! By the way. Can you get the R.R. company to fix the crossing on Grove St. My car and myself would be very grateful! Dave
David	3952 Meadowbrook Ct	Sheboygan	WI	53081	The dam needs to be replaced. If removed, this would be the second dam removal from a park in the city of Plymouth
Dawn Spring	560 Hazen St.	Plymouth	WI	53073	Hope very much to have Dam replaced.
Deb	Buchanan	Appleton	WI	54914	I no longer live in Plymouth, but I grew up there and my mom still lives there. The Mill Pond, skating rink and ice shack hold so many fond memories for me. The view of the dam is iconic and is so much a part of the character and uniqueness of Plymouth. I am wholeheartedly in favor of replacing the dam to preserve the memories and character of our town and to make it possible for generations to come to enjoy those same memories. Should there be a fund raising effort toward this end, I will most definitely contribute.
Debbie Schroeder	110 Reed St	Plymouth	WI	53073	I would like to see the Mill Pond rebuilt. We have a beautiful historic city and think we should keep some things that way. We all used to go fishing and ice skating there. The Grandkids loved going down to see the dam. Let's keep some memories alive and not change everything. Rebuild and keep it beautiful
Debi Lisowe	W8380 State Road 67	Plymouth	WI	53073	Replace it
Deborah Meyer	713 Western ave	Plymouth	WI	53073	Replace it! I know it is costly, but the pond is part of the gateway to our down town. A few years back when they opened it up it was so overgrown with weeds it was terrible looking.
Denise Knapp	540 Bishop	Plymouth	WI	53073	The dam is the "hidden" gem of Plymouth. Hidden meaning... when driving on Eastern avenue, one CANNOT see the dam with the overgrown shrubs. This should not be. One cannot enjoy the dam area, unless you drive down behind the chiropractic office and park. Why? The dam should be preserved. Yes. !! A spotlight at night would be a great feature, (if you could see it). Perhaps re-landscaping might be considered. Let's showcase this beauty! Please !!

Name	Address	City	State	Zip	Response
					I've read the dam is currently not of use and causes no issues if removed, but as a resident here in Plymouth I believe it should be left as is, or retouched. It gives the town a nice look.
Diane	25 Edna ST	Plymouth	WI	53073	Perhaps make the dam look like real stones, something rustic and nice to take pictures at. It would attract more people to the already beautiful Plymouth. It should not be removed in my opinion.
Diane Krahn	604 Beth Circle	Plymouth	WI	53073	My vote is to replace the dam.
Donna Cain	531 e mill st	Plymouth	WI	53074	Please keep!
Dorothy Pfrang	1227 Hill And Dale Rd Apt 9	Plymouth	WI	53073	Please do not remove the dam and mess with the Mill pond. It defines Plymouth.
Eddie McConnaha	110 Fairview Dr	Plymouth	WI	53073	Keep it/replace it
Edie Trimberger	515 Western Ave	Plymouth	WI	53073	Would like to see the dam saved or replaced, it makes Plymouth unique!
EDWARD SCHROEDER	115 Eastman St	Plymouth	WI	53073	WE NEED TO replace the old dam with a new one. I am in favor of the new Dam.
Ellyne Johnson	432 Fairview Drive	Plymouth	WI	53073	Definitely replace!
Emily and Christopher G	21 Selma Street	Plymouth	WI	53073	Removing the Mill Pond will drastically change the historical landscape of Plymouth affecting the property value of homes and businesses. The Mill Pond is a vital recreational resource for the families of Plymouth, used for fishing and ice skating. The business and property owners directly on the pond should have the largest voice in the decision making process moving forward.
Eric Heiden	N6526 Penny Lane	Glenbeulah	WI	53023	Repair the dam as it provides a great fishing opportunity for pike and bass. I don't know what benefits it would provide by making it a river channel for fish and birds. There would be fewer geese in spring if it were a channel.
Eric Steltenpohl	341 North St	Plymouth	WI	53073	Please Replace the dam. The river is a big part of what brings families together in the city of Plymouth.
Erin Coppersmith	121 Fairview Drive	PLYMOUTH	WI	53073	I am in favor of replacing the Mill Pond Dam.
France's Jagemann Feer	W6044 County Rd N	Plymouth	WI	53073	What are the possible economic benefits to having it removed? If there are strong economic upsides I think a conversation about removal is appropriate. If there is not a large economic upside to future use of the changed waterway, I think the historic importance and esthetic value to downtown, the surrounding residential neighborhoods and Riverview Middle School strongly supports repair and restoration.
Frank Gatyas	311 Beech Court	Plymouth	WI	53073	Removing the dam would be a tragic mistake. For many years now the state DNR has had an obvious agenda that includes removal of small dams; dams that add to the color and character of multiple Wisconsin communities. I am strongly opposed to the sacrifice of our dam simply to please the whims of unelected Madison bureaucrats.
Gary Jaeger	908 Eastern Ave	Plymouth	WI	53073	Given the removal of the dam option was not developed enough, it leaves many unknowns. Fears of potential added costs. The removal option does not have a chance in getting approval. Also removal means "change" and people generally do not like change. My personal opinion is that the dam should be removed to let nature take its course and restore the site to before the dam was built.
Germaine Schwoerer	125B E Mill St	Plymouth	WI	53073	My choice for the dam project is #2 or #3. Prefer Option #3.

Name	Address	City	State	Zip	Response
Gerry Schwoerer	125B East Mill Street	Plymouth	WI	53073	Our residence backs up to the Mullet River. Depending on the amount of run it can be from 1 foot to 4 feet when water overflows the dam. The little river is home to fish. Turtles. Frogs. Sand Piper cranes. Water mammals and families of Mallard ducks. There is a wooded lit year round bird walking path on one side of the river and a children's park and bandshell plus dog park along the other side of the river below the dam. Above the dam people kayak and paddle board on the Mill Pond in summer and ice skate in the winter. There is also a veterans war memorial at the dam site. All of this would be lost if we lost the dam because the water level would be changed. The pond and the wandering river below the dam are a critical part of our little community. Repair the dam if it needs it. DO NOT ELIMINATE IT!! A property owner on East Mill Street. I may be unable to attend the open house information meeting. Therefore writing this. If you wish to reach me use text or email. (I'll try to watch my spam) Respectfully Gerry Schwoerer
Grace Olsen	N617 County Road U	Glenbeulah	WI	53023	You should keep the dam but replace the old one with something new
Heather Clemens	316 Frederick St	Plymouth	WI	53073	I believe all should be done to replace the damn for many reasons. One this community thrives on showcasing the downtown district. Second the community has now a kayak launch for access to the Mullet river. Third there are a lot of young kids that do use the river for fishing in the spring and summer. Plus ice skating in the winter if we get cold enough. Three reasons that get people outside. Without the damn what do we have? Let's see no reason for the kayak launch, would have to change the name from river to creek. If funding is a problem take a look at how many electricity customers there are within the city and town of Plymouth. I'm sure a small added fee to the bill wouldn't be minded to keep the damn. After all we all have the public fire protection fee on our monthly bills already. We have enough events with the community why not start off with one that funding for the damn to stay and then add the remaining to the monthly electricity bill. There are more people paying electricity than property taxes in town.
Heidi	605 Fairview Dr	Plymouth	WI	53073	Replace
Helen SCHROEDER	115 Eastman St	Plymouth	WI	53073	I am hoping the city will decide to keep the dam. They took the one out in Meyer Park and it ruined the whole landscape. I just don't want to see that happen again.
Ian McConnaha	1400 Salisbury St. Unit 14	Green Bay	WI	54302	I would like for the dam to be replaced.
J	724 Riverview Dr	Plymouth	WI	53217	Seems like removing the dam would be the most economical, and the pond is so silted up it's not even usable
Jacqueline Guilbeault	623 E Mill St	Plymouth	WI	53073	I do not want to see the Dam entirely removed. After reviewing the study, I think option 2 or 3 are great options and compromises.
Jamie Schneider	721 RIDGE POINTE DR	PLYMOUTH	WI	53073-5	Rebuild the damn!
Janet Payne	431 Schwartz St	Plymouth	WI	53073	Please save the Mill Pond Dam....its one thing that makes Plymouth unique. Why would you want to remove something that benefits the community with the ice skating pond in the winter and the fishing in spring, summer, and fall? It's beautiful and should be rebuilt as is or replaced.
jarred C velier	834 Western Ave	Plymouth	WI	53073-1	I would like to see the dam updated and replaced. The Mill Pond is a piece of history in our beautiful city. We would lose things like ice skating, fishing, kayaking, and the overall beauty of the Mill Pond.
Jeff Zarembka	W7053 Kettle View Road	Plymouth	WI	53073	I prefer that the Mill Pond Dam be removed to promote better health of the waterway.
Jen	730 Davenport Road	Plymouth	WI	53073	Please repair the dam! This river has tons of history in our little city, and holds many childhood memories of not only my family for generations but many others. Fixing the dam will ensure future families will be able to make memories with their family, too!
Jennifer Kiekhoefer	307 Beech Ct	Plymouth	WI	53073	The Mill Pond is a very memorable area for the city of Plymouth. I believe the Dam should be replaced.
Jerry Huss	626 Alfred St	Plymouth	WI	53073	Replace the Dam

Name	Address	City	State	Zip	Response
Jessica	1090 Valley Rd	Plymouth	WI	53073	Replace
Jillian Schema	430 Beth Circle Drive	Plymouth	WI	53073	Please keep the dam. The mill pond is beautiful and brings beauty to plymouth. How will it look when it's all dried up ?
Jim & Mary Ann Hellwig	448 Fairview Drive	Plymouth	WI	53073	Absolutely REPLACE! We have lived along the Mullet River for 31 years. The seasons bring new beauty. We enjoy the varieties of waterfowl who make their home on the Mill Pond.
John	503 Reed St	Plymouth	WI	53073	Replace it and make it look good!
John Mooney	6930 Tony's Bay Rd	Rhinelander	WI	54501	Replace the dam.
John Saladini	821 Torke Terrace	Plymouth	WI	53073	Replace
Jon Holcomb	409 Stafford St	Plymouth	WI	53073	Replace it. That is such a fixture to this community. Don't need or desire the swamp experiment again.
Jordan	233 north street	Plymouth	WI	53073	Replacing the damn if needs to happen due to wear and erosion should be the only option. The mill pond is a stable of Plymouth and removing it would effect all homeowners on north st, Alfred, home ct, and main st. Not to mention the opposite side of the pond. Many people enjoy kayaking through the summer and skating in the winter. Removing the man would also creat safety concerns for stayer park behind mill st along with any events scheduled for the venue.
Josh Bender	320 Morning Drive	Plymouth	WI	53073	I favor removing the dam because I believe this is the most sustainable option ecologically and economically. Removing the dam would allow the river to revert back to a free flowing state and improve water quality, while avoiding the cost of perpetual dam maintenance and repair/replacement. Regardless of the decision to remove or replace the dam, I encourage the City to increase public access to areas along the Mullet River throughout the city, so that residents and visitors can enjoy this great natural resource.
Josh Ermer	N6443 State Road 67	Plymouth	WI	53073	I completely against removal of the dam in town for various reasons! Ever since the dam was removed from Meyers Park, the river has completely changed. The fishing was great before the dam was removed at Meyers Park and you could catch many different species of fish. Now that the dam is removed, over the course of the years it has eroded a peninsula that is down river and water levels are much lower. If the dam in town is removed, we're going to see less waterfowl, no more ice skating in winter, terrible fishing and the river changing over the course of the years. Plus there's history behind that dam.
Josh Van de Castele	508 McColm St	Plymouth	WI	53073	Refurbish or replace the dam. I grew up in a town where they decided to remove the dam instead of fix or replace it. The river became a creek that trickled. There was no more fishing. No more ice skating. No more community gatherings there. It also smelled horrible for years until grass and brush finally started to fill in where there used to be water. Go look at what used to be a river in Campbellsport and you'll understand!
Joshua J Campo	1017 Kensington Ave	Plymouth	WI	53073	I would like to see it stay. It's been a staple seen on our many walks downtown.
Joshua Van de Castele	508 McColm St	Plymouth	WI	53073	Replace!
Judith Prange	416 S Pleasant View Rd Apt.	Plymouth	WI	53073	Replace the dam. I am in favor of #3 option.
Kathleen Zelm	734 Eastern Ave	Plymouth	WI	53073	Replacement of the Dam please!
Katie Bruckner	438 Schwartz St	Plymouth	WI	53073	Do NoT remove it. Rebuild it please!
Katie Covi	521 North St	Plymouth	WI	53073	I would vote in favor of replacement, 100%.
Kerri Schultz	117 spring st	Plymouth	WI	53073	Definitely a beautiful, important part of our downtown. I really hope this can be saved n I would gladly donate what I can, as I'm sure all of town will.
Kevin Kaufman	614 Alfred St	Plymouth	WI	53073	Replace with Split gate
Kim Hoefler	348 Beth Circle	Plymouth	WI	53073	I work 2nd shit so I will not be able to attend this meeting But I think it should stay it has been there since my child days Plymouth would not be the same we have to come up with the money some way
Kim Kaufman	614 Alfred St	Plymouth	WI	53073	Please replace dam with split gate option. THANK You ☐
Kyle Blindauer	N5146 County Road TT	Sheboygan	WI	53085	I would like to see the Mill Pond Dam replaced. I brought my Godson there to learn how to fish and had hoped to bring my daughters there next year as well. It is a great feature in your nearby community and I would be disappointed to see it removed. Thank you.

Name	Address	City	State	Zip	Response
					Please keep the Mill Pond Dam. The Pond is a distinctive feature of Plymouth and provides recreational and wildlife benefits.
Larry Siegert	228 Fairview Drive	Plymouth	Wi	53073	The grant available from the DNR will help immensely in covering part of the cost in upgrading the dam. I favor the split leaf option.
Laura Rohan	608 Alfred Street	Plymouth	WI	53073	Replace!!!
Laura Ubbelohde-Korff	W5471 sumac rd	plymouth	wi	53073	Replace pending cost, environmental factors, etc
Lisa Harmony	223 S Pleasant View Road #	Plymouth	Wi	53073	I vote for replacement of the dam.
Lois Wilkens	412 S Pleasant View Rd Apt	Plymouth	WI	53073	Replace the Dam.
Lucia	Blad	W4344 Cou	Wi	53073	Replace the Dam
					<p>Hello, I strongly feel that we should keep the Mill Pond Dam in place and use one of the update options available to us. Which option we choose would depend on the needs of the mill pond's drainage situation, but I would suggest that we go with Option 3: (the Split leaf gates) because it's one of the cheaper ones and it gives us the best of both worlds, we can drain off the top or bottom or both if need be.</p> <p>That's my input on which option we should go with however I have many other reasons that we should keep the dam and the Plymouth mill pond. In the winter myself and many others love ice skating on the pond. In the summer we go kayaking out there and I know many people go fishing there also and if we got rid of the dam that body of water would no longer be there for our enjoyment. Not to mention the simple beauty of the Mill pond, it's nice to just sit and look out over the mill pond at every season of the year, plus we have the fountain out there in the summer. There are also houses and apartments along the mill pond and if it was no longer there those places would definitely lose some attraction (business) and value.</p> <p>I have been in Plymouth my whole life, I was born here, raised here, educated here, work here, I go to church here and I truly believe the Mill pond is something that identifies us as the City of Plymouth. Water is one of those things that draws people in, not just from Plymouth but from outside of Plymouth also.</p> <p>A mill pond is one of the first things constructed when a town is being built, the mill pond is there to serve the people, first as power for grinding flour and meal and now for simple pleasure and enjoyment. As the town grows up around the mill pond it truly becomes the heart of the town and the heart of its people. That is why I believe we should keep the Plymouth Mill Pond by updating the dam.</p> <p>Thank you for your time and consideration.</p>
Luke R Levsen	N5202 County Road S. Plym	Plymouth	WI	53073	Luke
					Please replace the dam! I don't think the city is prepared to deal with the ramifications of removing the dam. What about all the vegetation that'll spring up (recall the summer of 2009)? Or the new property lines for residents whose properties touch the pond? I would like to say that in colder winters than this one, the ice skating area provides a free "third space" for youth and adults to gather and enjoy a technology-free activity that would be sorely missed. Just like when a road breaks, please fix this one.
Maggie McConnaha	110 Fairview Drive	Plymouth	WI	53073	
Margaret Huss	626 Alfred St	Plymouth	WI	53073	Replace the Dam.
					The Dam being a large part of this community all these years must remain for all to appreciate and enjoy. In No Way should there even be consideration for its removal. It would be nothing but a big stinky vast wasteland nothing but muck and weeds and a big blight eyesore in the center of the city of no value or benefit.
Mark Leverenz	401 North St	Plymouth	Wi	53073	

Name	Address	City	State	Zip	Response
Mark Young	42 South Milwaukee St	Plymouth	WI	53073	The dam should be removed. Water quality is severely impacted downstream, especially in dry summer months. 15-20 years ago we caught so many species of fish, saw so much wildlife in the river area by our home. As the river has silted in and our climate has moderated in the last few years, this has changed. The Mullet downstream of the dam now holds very few fish, mostly carp, the herons are gone, shoreline critters rare. While removing the dam does bring some legitimate concerns for waterfront landowners, I feel the ecological health of our local rivers and streams is paramount. We need to rehab the river for ourselves and the future generations. Removal of the dam will also alleviate flooding concerns and with floodzone remapping post removal, save floodzone residents thousands of dollars in insurance costs. Additionally, removing homes from current floodzones would raise home values in the City, a win for everyone. The dam serves no practical purpose, severely impacts water quality, and does not benefit the community. The land area left after the levels drop could be developed into a nature park, with a nice skating rink that could actually be open long term over winter. The dam is doing what dams do. Standing in the way.
Mary Fink	1012 State Road 67	Plymouth	WI	53073	Replace the dam. Keep the Mill Pond
Matthew sidor	5351 Tory In	Colgate	Wi	53017	The millpond dam should be removed so as to allow the mullet river to flow a more natural course. The mullet river is habitable for trout and the dam should be removed so as to let the water run cooler.
Michael Behr	738 Davenport Rd	Plymouth	WI	53073	Replace
Michael Niver	521 East Edna Street	Plymouth	WI	53073	Very strongly recommend replacing the dam since removing it would remove a wonderful piece of waterway for kayaking and fishing. Also home for ducks and geese and anyone who lives on the pond knows the island for the Boy Scout camp is home to many geese pairs in the spring for breeding. The sounds of ducks and geese are constant if you are anywhere near the waterway. The sounds are beautiful all year when the waterway is not froze over. Also have seen many eagles and other large birds like herons and egrets utilizing the water for food source. Removing the dam would also require extensive landscape planning and additional money to make it anything worth looking at or living near by if it were to be removed. So any estimate of costs to remove the dam would need to include the cost of these improvements that would likely equal any erroneous cost saving that supporters of removing the dam would use to justify such a plan.
Mike Burkart, Mike Burk	3110 County Road PP	Plymouth	WI	53073	The Mill Pond is a beautiful scenic part of our community and I strongly encourage keeping it ! It brings lots of recreational opportunities to Plymouth , like ice skating, kayaking, fishing and more. Very importantly it provides beautiful scenic views for the property owners, this makes their homes more valuable. As a Plymouth business owner and a life long resident in the area I strongly advise preserving our city's crown jewel, our Mill Pond ! It will be enjoyed by many now and in the future.
Mitzi Schwertfeger	631 Riverview Dr	Plymouth	WI	53073	Please put in a dam. The mess in 2009 was awful when the dam was partially removed. There were muskrat hills everywhere. The anaerobic silt was deep and was very stinky. There was not a river channel on the east side of the island. There is a lovely veterans Memorial nest to the current Dam. It would be a shame to dishonor our patriotic veterans with a smelly wetland mess in downtown Plymouth. That would be a great tourism marketing tool. If the dam is removed would the expensive, new kayak launch be useless? What about the resources to use the middle school kayaks? I thin the split leaf dam option is the best option because it allows control of flow at lower and upper levels. Pass the local taxes needed to supplement the DNR grant. My property is along the river. I'm not prepared to spend the money to clean up my extended property. How will you ever know where the extended line will be? I enjoy the Mill Pond. It's beautiful. It's part of my beautiful town. Plymouth isn't Plymouth without the Mill Pond.
Molly Mcconnaha	110 Fairview dr	Plymouth	Wi	53073	Please replace the old dam.
Monica Krieski	W4306 County Road C	Plymouth	Wi	53073	Replace. I have ice skated there, my kids did, and my granddaughter from Florida did also. Lots of memories there. Kids need something to do. Thanks Monica
Myk	Hranicka	Hingham	WI	53031	I wish there was something good to say about old millpond dams, but there isn't. They warm the water, contain nutrient pollution, pollute our ground water, promote invasive species and cost too much money to maintain. The dam should be removed and the river restored.
Natalie Steltenpohl	341 North St	Plymouth	WI	53073	Please replace the dam. The river is so important to this city. Loved ice skating in the winter at the ice shack.

Name	Address	City	State	Zip	Response
Nicole Heller	W6140 Linda Lane	Plymouth	WI	53073	I feel the Dam should be repaired. If you remove it the Mill Pond will disappear. Many people like to fish that area in the summer and ice-skate in the winter. We as a community seem to be able to raise money for lots of other esthetic elements around town. We should be able to put the time and effort in building a fund to rebuild a modern and beautiful new Dam to keep the history and traditions Plymouth has enjoyed for generations.
Niver family	521 E. Edna St	Plymouth	WI	53073	I live on the millpond and part of the reason for living here is the water. We vote keep the dam
Olivia	544 Bishop Avenue	Plymouth	WI	53073	I am against removing the Mill Pond Dam because it is fun to skate on the lake when it's frozen.
Pat McKee	410 Bittersweet Ln	Plymouth	WI	53073	Replace, do not remove.
Patricia M Weigert	804 Brian Street	Plymouth	WI	53073	Please replace. Its a beautiful part of Plymouth as one heads downtown. The fountain has also been a great addition and many people that come from out of town talk about it.
Paul and Juanita Coron	133 east Riverbend Dr	Plymouth	WI	53073	I would love for our mill pond to stay it's a beautiful site n lots of memories and it make Down town Plymouth look beautiful when people visit Plymouth that the first place they go and take pictures I would hate to see it go away..
Peggy Hansmann	327 North St.	Plymouth	WI	53073	Please replace the Dam with the most esthetically pleasing design.
Rebeckah	815 beech drive	Plymouth	WI	53073	Repair!
Richard Stuhlmacher	P.O. Box 1163	Malta	MT	59538	Upgrade and replace the current dam.
Rita Lilyquist	953 Larkspur Rd	Plymouth	WI	53073	Unless Plymouth has an exorbitant amount of funds to create what was presented years ago if the dam was taken out (pathways, businesses, etc to be in the area where the mullet currently stands) it seems a better option to replace the dam.
Robert Lee	216 South Hills Drive	Plymouth	WI	63073	Rebuild
Roberta Schwartz	253 Mead Ave	Plymouth	WI	53073	I feel that removing it changes way too much nature shaping the water has done over the years of the pond and the waterway. I feel replacing it will work with the flow the water has created. I also feel we need to clean out the mill pond in order to avoid this topic again.
Rosie Schwartz	617 Krumrey Street	Plymouth	WI	53073	Save the Dam. It is part of our city's charm.
Roxanne Meyer	199 Willowbrook Dr.	Plymouth	WI	53073	I have mixed feelings, but live near Meyers Park and have loved the river running free, clear and as nature intended . The DNR knows a lot more about the advantages to remove the dam than I do. I really don't think it is used like it was years ago, would be interesting to know the numbers for skaters, never seems busy like 30 yrs. ago. My thoughts are to listen to the professionals and consider their recommendations.
Ryan	525 Fishermans Row	Sheboygan	WI	53081	I would encourage the alternative options associated with removal and restoration of the trout stream. Use some of the options associated with the other local community dam removal engineering plans as a guide. https://m.youtube.com/watch?v=GmIJ3K7U-c
Salli Galbari	406 South Bruns Ave	Plymouth	WI	53073	Remove the dam. Let the river revert back to its natural state.
Sally	N5184 Pleasant View Rd	Plymouth	WI	53073	To me, not having the dam would be like erasing Plymouth's past. It is an integral piece of Plymouth's history and landscape.
Sandy Leon	431 Sunset Dr	Plymouth	WI	53073	Replace
Sara Brinkman	119 FOND DU LAC AVE	PLYMOUTH	WI	53073	Please rebuild the dam - do not remove. The Mill pond is a huge part of Plymouth.
Sara Rosenthal	408 Western Ave	Plymouth	WI	53073	I would like to see the mill pond dam replaced. It would be nice to dredge the river if able to and remove the smelly sediment if possible!
Scott Bruckner	438 Schwartz St	Plymouth	WI	53073	Fix it ! Also with that being said if the dam is removed you will remove a potential water source from the downtown district. Those buildings are old , non sprinklered for the most part, have common attics and basements. I can tell you first hand we have used the river as a water source for downtown fires. We cannot and should not put a value to a human life because we didn't want to spend the money.
Scott Fischer	W5920 county road U	plymouth	wi	53073	Remove it the stench of rotting fish and scum should keep the tourists at bay.
Scott McConnaha	110 Fairview Dr.	Plymouth	WI	53073	I am in favor of replacing the dam.
Scott Seifert	425 N Stafford St	Plymouth	WI	53073	Dam should stay
Seth Schwochert	903 Riverview Drive	Plymouth	WI	53073	Replace the Mill Pond Dam with another.
Sherry Prinsen	W3995 Dekker Rd	Waldo	WI	53093	The dam needs to be repaired to maintain the integrity and beauty of the Mill Pond. The pond is home to fish and wildlife, a nice place to kayak and breathtaking in the fall. Focus should be on preservation not expense

Name	Address	City	State	Zip	Response
Stephanie Lee	N7553 Golf Course Rd	Plymouth	WI	53073	An important part of Plymouth, would like to see the dam replaced.
Stephen	522 Park Ave	Sheboygan	WI	53081	Removing dams improves the quality if the fishery and surrounding habitat. There is plenty of evidence to support this. It seems pretty straightforward that removing the dam will improve fishing opportunities and create habitat for birds and other fauna. Plus, there will still be beauty as native flora returns.
Tamara Bogenschuetz	1021 Trienens Rd	Plymouth	WI	53073	The Dam needs to be replaced not removed. It is a HUGE focal point of the community. My children love going down there. Walking, fishing, ice skating, kayaking. I would say it's a landmark of Plymouth and would be extremely disappointing to see it removed.
Tim Kapellen	W6241 HILL AND DALE RD	PLYMOUTH	WI	53073-4	Replace
Timothy Hansmann	327 North St	Plymouth	WI	53073	Please replace the Dam.
Tina Cooney	430 1/2 Smith St	Plymouth	WI	53073	Beautiful part of Plymouth. Fix it
Tracy Lee-Johnson	N7075 Rocky Knoll Pkwy	Plymouth	WI	53073	Replace
Tyler Rezachek	29 Birch Lane	Plymouth	WI	53073	Remove the dam. It provides zero economic benefit to the city, requires upkeep and maintenance, and the river would be better served as normal.
Vicki Weigel	W6497 Valley Ln	Plymouth	WI	53073	Please keep it or replace it but do not get rid of it! It is beautiful.
Wendy Steinhardt	823 Reed St.	Plymouth	WI	53073	I would vote to replace or repair the dam.

RE: Discussion and Action on Approval of Resolution No. 2024-2 Authorizing Participation in the Department of Natural Resources in the Municipal Dam Grant Program

Background: The second of three dam related items on the agenda tonight is approval of Resolution No. 2024-2 Authorizing Participation in the Department of Natural Resources (DNR) in the Municipal Dam Grant Program. Although the City of Plymouth received allocation of \$1,000,000 in the State of Wisconsin 2023-25 Biennial Budget for the removal or restoration of the dam, the DNR is requesting the City of Plymouth follow the standard grant application process to have access to the funding. This resolution includes the following statements as required per the Municipal Dam Grant Program:

- Designates an authorized representative to apply for the grant and act on behalf of the applicant.
- Indicates a municipality's/lake district's commitment to the "local share" and agrees to pay a share of the eligible costs which are equal to the total project cost minus the state share.

Recommendation: Motion to approve Resolution No. 2024-2 Authorizing Participation in the Department of Natural Resources in the Municipal Dam Grant Program

Attachments:

- Resolution No. 2

**Authorizing Resolution for
Participation in the Department of Natural Resources
MUNICIPAL DAM GRANT PROGRAM**

RESOLUTION OF: *City of Plymouth*

County of Sheboygan, Wisconsin

WHEREAS, The *City of Plymouth* owns the *Mill Pond Dam* and requests financial assistance under s. 31.385 and s. 227.11, Wis. Stats., and ch. NR 335, Wis. Adm. Code, for the purpose of dam repair and reconstruction; and

WHEREAS, \$1,000,000 in the State of Wisconsin 2023-25 Biennial Budget was awarded to the City of Plymouth as a continuing appropriation from the general fund, to provide a grant to the City of Plymouth for removal or modification of the dam on Mill Pond.

WHEREAS, the state share for project costs exceeding the \$1,000,000 appropriation awarded to the City of Plymouth in the State of Wisconsin 2023-25 Biennial Budget, may not exceed 50 percent (50%) of the first \$1,000,000.00 of total eligible costs nor 25 percent (25%) of the next \$2,000,000.00 of total eligible project costs

NOW, THEREFORE, BE IT RESOLVED, that *the City of Plymouth* HEREBY AUTHORIZES *the City Administrator/Utilities Manager* to:

- Submit an application to the DNR for financial aid under ch. NR 335, Wis. Adm. Code;
- sign grant agreement documents;
- take all necessary action to complete the project associated with any grant agreement; and
- submit reimbursement claims along with necessary supporting documentation.

BE IT FURTHER RESOLVED THAT The City of Plymouth agrees to pay a share of the eligible costs which is equal to the total project cost minus the state share.

Adopted this day ____ of _____, 20____

By a vote of: ____ in favor ____ against ____ abstain

BY: _____ Secretary/Clerk

of

NOTE: *Section 31.01(4), Wis. Stats., defines a municipality as any town, village, city, or county. Section 20.002(13) allows Tribes to also apply for these grants. Section 31.385(1m) allows public inland lake protection and rehabilitation district formed under ch. 33, Wis. Stats, to also apply.*

*We recommend that municipalities or lake districts name a **position** that is either an official or employee of the municipality/lake district. By naming a position instead of a specific person, a new resolution does not have to be submitted to the DNR with future grant applications or personnel changes. Contractors and consultants cannot be designated as an authorized representative. The resolution may not pass on grant responsibility to another group or organization.*

RE: Discussion and Action on Preferred Option for Dam Replacement

Background: The last Mill Pond Dam related item on the agenda pertains to the direction to City Staff concerning the preferred option for dam replacement (pending Common Council approval of a resolution indicating replacement in Item 6A). In October 2023, Ayres Associates (Ayres) concluded the Mullet River Dam Spillway Improvement and Dam Removal Feasibility Study. The Study outlined three dam replacement options along with estimated project costs (detailed to the right). Attachment 1 provides a summary of the advantages and disadvantages of the three available options.

Table 1. Estimated Total Project Costs	
Alternative	Estimated Total Project Cost
Option 1: Crest Gate	\$2,550,000
Option 2: Slide Gates	\$1,850,000
Option 3: Split-Leaf Gates	\$1,950,000
Option 4: Dam removal	\$1,250,000

After the open-house, City Staff met to develop the preferred recommendation for Common Council consideration. Ayres also participated in this meeting to answer questions from City Staff and to provide additional information, as needed. Following that discussion, City Staff advises the Common Council to proceed with 'Option 1: Crest Gate' for the following reasons:

- The Crest Gate facilitates ease of overall operations, notably in regulating the water elevation of the pond.
- It provides the optimal solution for debris clearance and can be fully opened during power outages or emergencies without the use of auxiliary power.
- With minimal moving parts, the Crest Gate necessitates limited future maintenance and associated costs for the gate itself.
 - Note – The Crest Gate does require a building for hydraulics with dimensions approximately 10' x 12'. The exterior could be cream city brick (or another aesthetically pleasing material) to match the base of the arch.
- The Crest Gate width will be 34 feet wide which will have the largest waterfall effect for aesthetics out of all the 3 options.

The Crest Gate is recommended over “Option 3: Split-Leaf Gates” by City Staff for the following reasons.

- The Split-Leaf Gate consists of two 10-foot-wide gates separated by a concrete pier, making it more difficult to pass large debris.
- It contains more mechanical moving parts, which may necessitate additional maintenance in the future.
- Although the Split-Leaf Gate may facilitate an increased sediment release from the Mill Pond, upon further discussion, it was noted that the primary area of sediment control would be focused on the area immediately upstream of the gate.

- Note - Even with a Split-Leaf Gate, pond dredging remains the preferred and most effective option for removing or reducing sediment buildup throughout the entire pond area.
- The Split-Leaf Gate offers a more limited waterfall effect for aesthetics than does the crest gate.

"Option 2: Slide Gates" was deemed the least preferred option by City Staff due to its higher likelihood of catching debris and its less intuitive water level control compared to the Crest Gate and Split Leaf Gate.

Staff Recommendation: Move to direct staff to proceed with Option 1: Crest Gate for dam replacement

Attachments:

- Dam Option Summary

Alternative Overview

- Option 1: Crest Gate
 - Hydraulically operated gate 34 ft long by 9.5 ft high.
 - Adjacent fixed crest overflow spillway 27 ft long.
- Option 2: Stainless Steel Slide Gates
 - Two electrically operated gates 10 ft wide by 9.5 ft high.
 - Adjacent fixed crest overflow spillway 40 ft long.
- Option 3: Stainless Steel Split-Leaf Gates
 - Two electrically operated split-leaf gates 10 ft wide by 9.5 ft high.
 - Adjacent fixed crest overflow spillway 40 ft long.
- Option 4: Dam Removal and Stream Stabilization

Option 1: Hydraulically Operated Crest Gate

Pros

Intuitive pool level control

Can be easily and quickly lowered without power

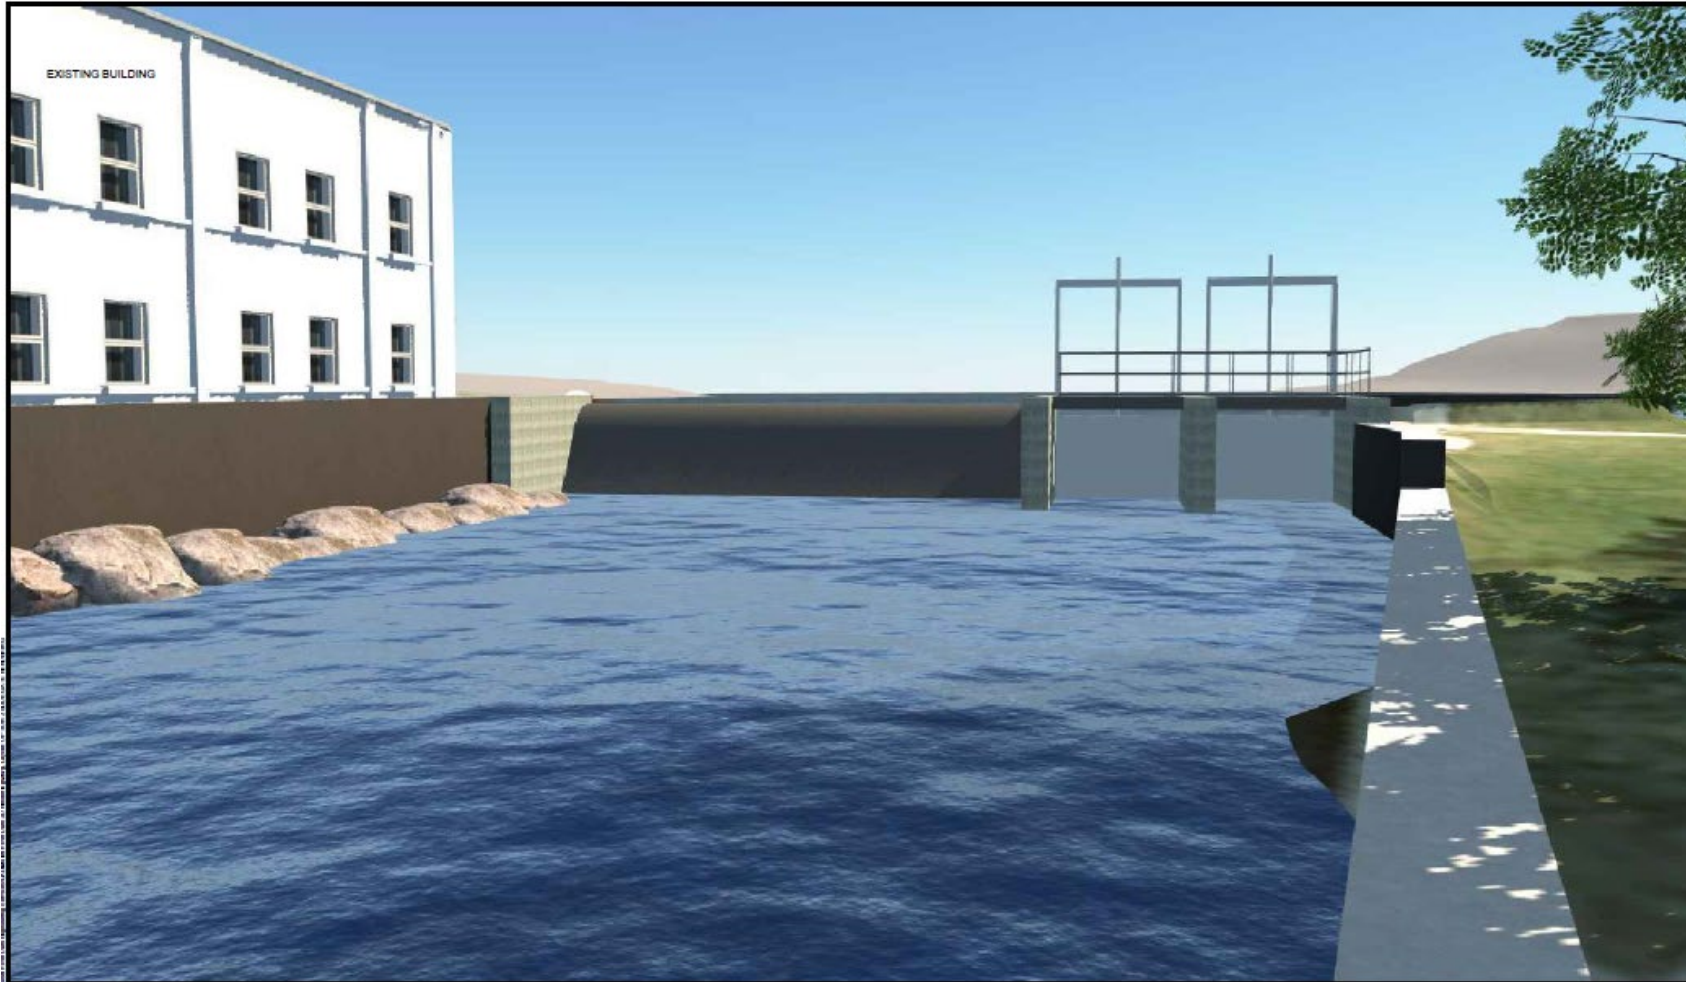

Good at passing debris

Cons

Most expensive option

Limited sediment flushing capabilities

Option 2: Stainless Steel Slide Gates

DATE:	APP:	PROJ. NO.:	NOT FOR CONSTRUCTION	NO.	DATE:	REVISION:	MULLET RIVER DAM ALTERNATIVES CITY OF PLYMOUTH SHEBOYGAN COUNTY, WI	AYRES WISCONSIN, WI	OPTION 2 SLIDE GATE RENDERING	SHEET NO. 10
DATE:	APP:	PROJ. NO.:	NO.	DATE:	REVISION:	NO.	DATE:	REVISION:		
DATE:	APP:	PROJ. NO.:	NO.	DATE:	REVISION:	NO.	DATE:	REVISION:		

Option 2: Stainless Steel Slide Gates

Pros

Least expensive option

Low operation and maintenance requirements

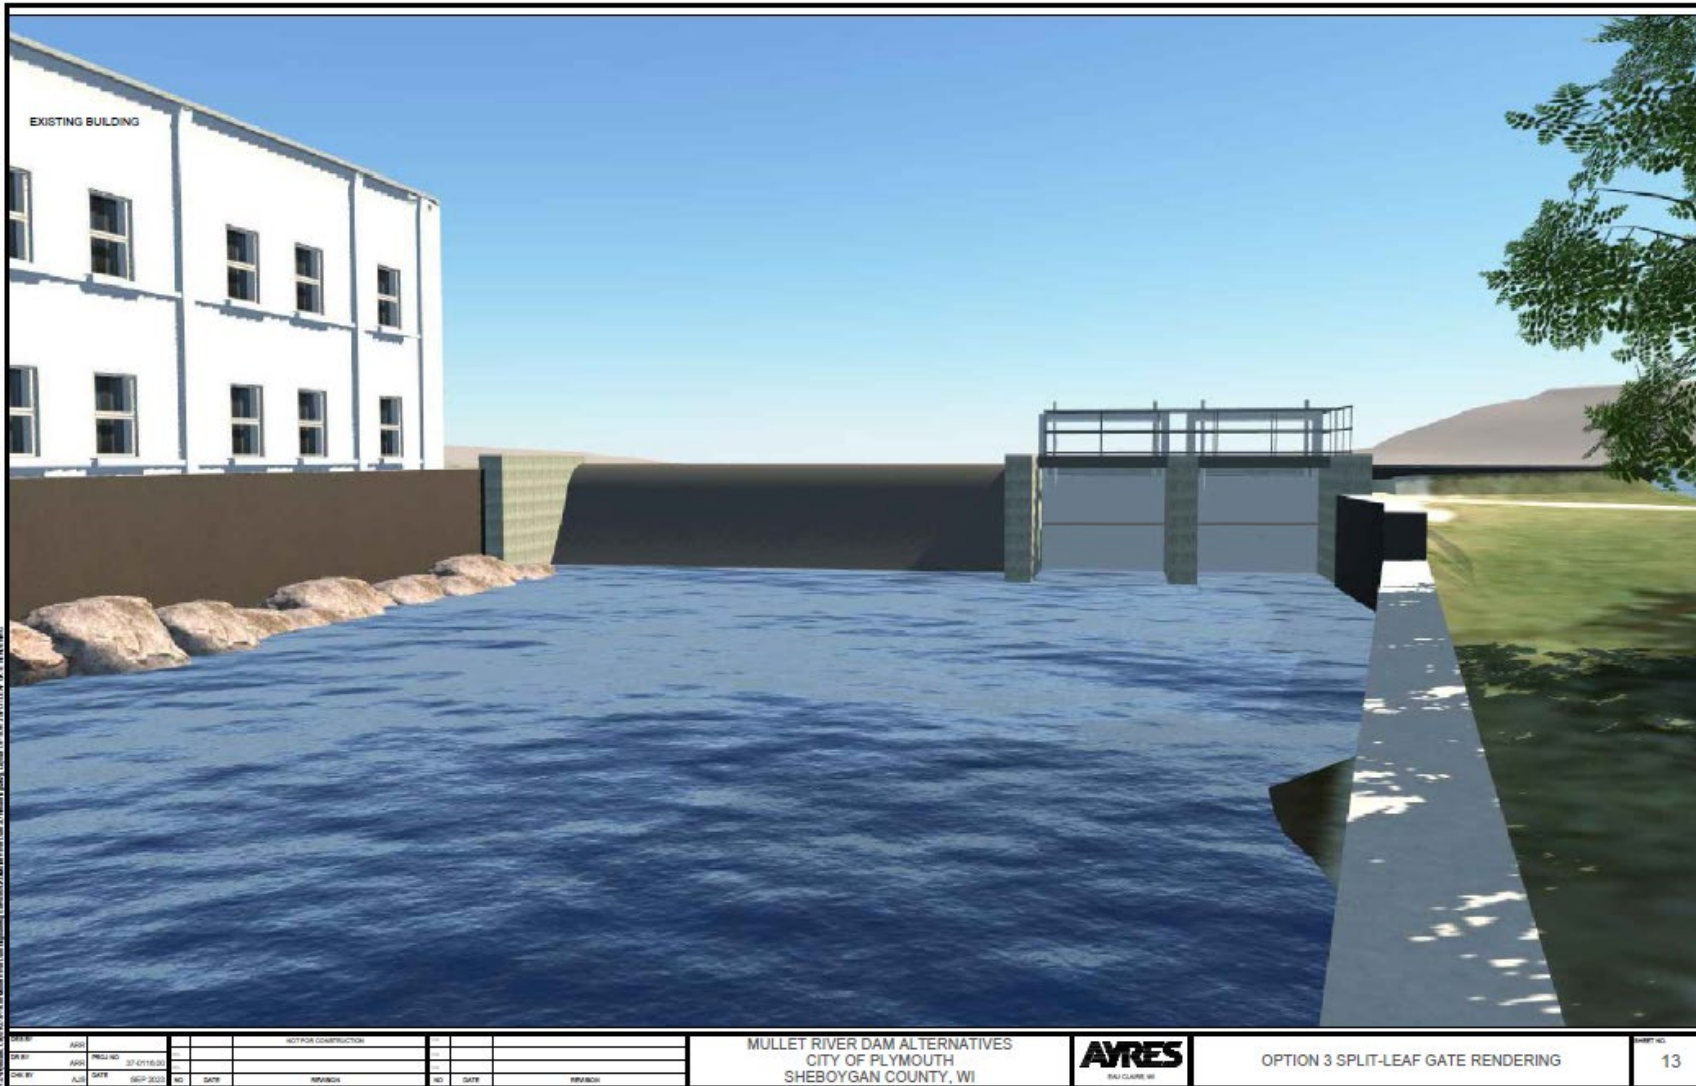

Bottom draw may flush sediment

Cons

Not as intuitive water level control

More likely to catch debris

Option 3 – Stainless Steel Split-Leaf Gates

Option 3 – Stainless Steel Split-Leaf Gates

Pros

- Weir flow or sluice flow possible
- Intuitive water level control
- Better at passing debris than side gates

Cons

- More expensive than slide gates
- More moving parts

RE: Approval of Maintenance and Operation Agreement for the Sugar Shack at City Park with Plymouth Maple Association

Background: City Park has an abundance of Sugar Maple trees that provide natural beauty and shade to the Park. Pure maple syrup is made by concentrating the slightly sweet sap of the Sugar Maple tree. The process starts with drilling a tap hole into a maple tree. A spout is inserted to direct the sap to either a bucket or into tubing that sends the sap to a large collection tank. After harvesting in the trees, the sap is transported to a Sugar Shack where it boils down to become maple syrup.

At the Committee of the Whole meeting on March 23, 2023 Alder Nelson presented a concept of building a Sugar Shack in City Park to provide a permanent location for maple syrup production as part of the annual Maple Festival and also to provide a location for educational demos for children and adults. The direction from the Committee was to move forward with the project. A non-profit named Plymouth Maple Association was created to lead the project.

At the Common Council meeting on November 28, 2023 the Common Council accepted the design and location of Sugar Shack Structure in City Park subject to finalization of a maintenance and operations agreement between the City and the Plymouth Maple Association. Also, at the meeting February 1, 2024 the Plan Commission recommended the design of the Sugar Shack as presented.

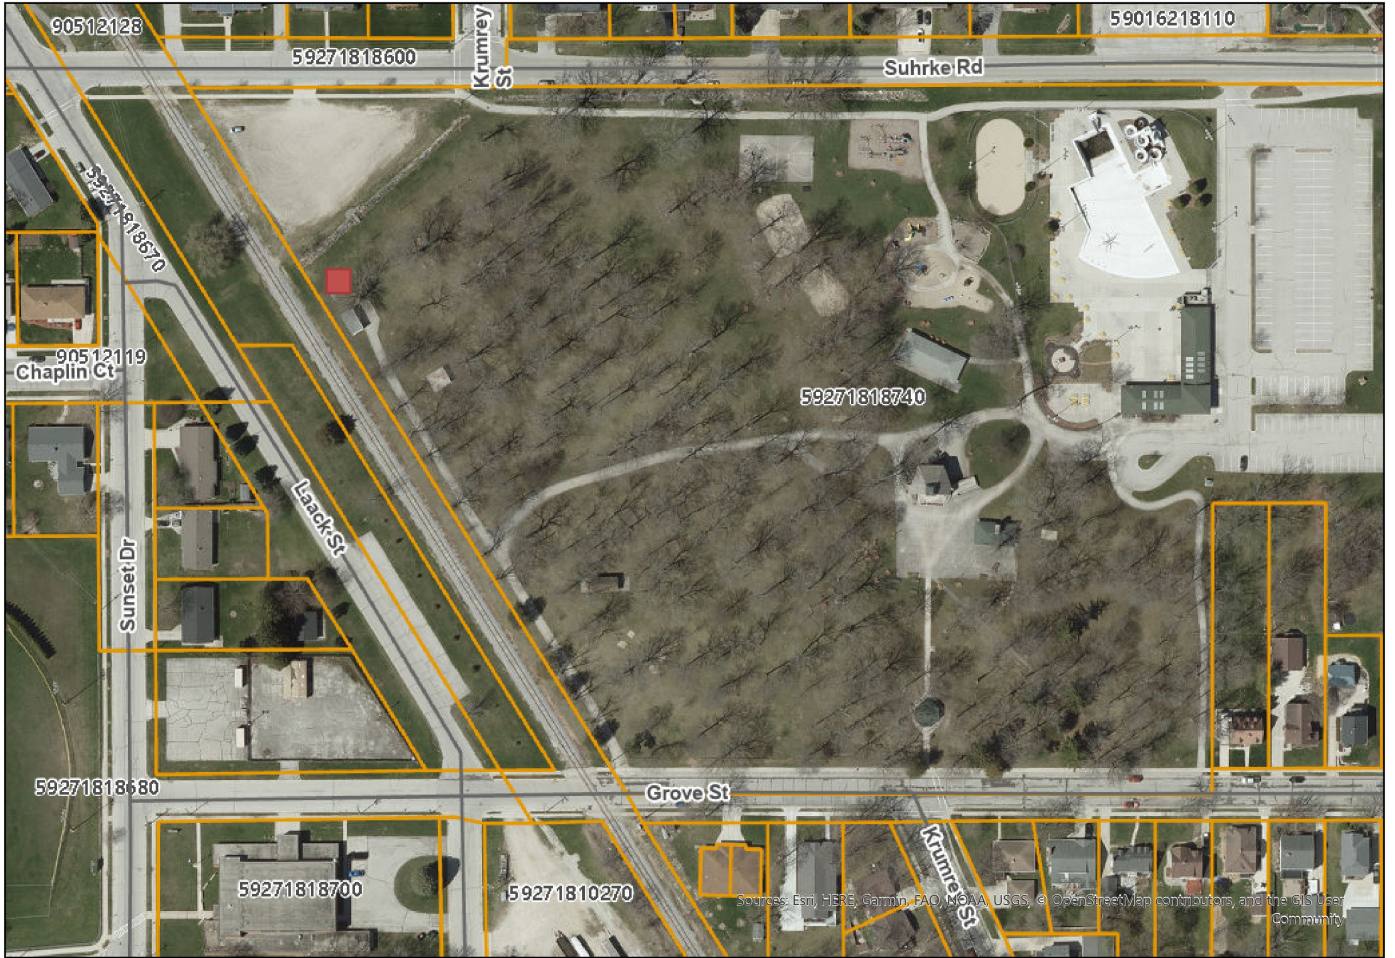

A License Agreement for Sugar Shack at City Park prepared by Attorney Fieber between the City of Plymouth and the Plymouth Maple Association will be distributed at the meeting which outlines that the construction responsibility and future maintenance are the responsibility of the Plymouth Maple Association, but that the ownership of structure once complete will be that of the City. The agreement also outlines cancellation provisions, insurance requirements during construction and public events, and access to the facility.

Recommendation: Move to approve of License Agreement for Sugar Shack at City Park with Plymouth Maple Association

Attachment:

1. Draft License Agreement (distributed at the meeting)

RE: Amendment to City Ordinance, Section 10-1-51

Staff brought forth to the Committee of the Whole on December 12th, 2023, a proposed change to City Ordinance Section 10-1-51 – Parking of vehicles over 12,000 pounds or 16 feet restricted. Our recommendation was to change the length restriction from 16 feet to 22 ½ feet to allow for longer passenger vehicles to park overnight on city streets. Such longer vehicles having become common place in today's society.

The consensus of the Committee of the Whole was to move forward with the suggested change. Staff worked with the City's Attorney to draft the amended ordinance for Council's review and approval.

(Proposed amendment attached)

Staff recommends the Common Council approve ordinance No. _1_ of 2024, amending Section 10-1-51 Parking of vehicles over 12,000 pounds or 22 ½ feet restricted, of the Municipal Code of the City of Plymouth, Wisconsin.

CITY OF PLYMOUTH
Ordinance No. _____ of 2024

**AN ORDINANCE AMENDING SECTION 10-1-51 OF THE MUNICIPAL CODE
OF THE CITY OF PLYMOUTH, WISCONSIN REGARDING
PARKING OF OVERSIZED VEHICLES**

WHEREAS, pursuant to Wis. Stat. § 62.11(5) for the good order of the City and general safety and welfare of its residents the Common Council is authorized to enact general regulations; and

WHEREAS, the Chief of Police recommends modification to the City's current regulation regarding parking of oversized vehicles.

NOW, THEREFORE, the Common Council of the City of Plymouth, Wisconsin, does hereby ordain as follows:

Section 1. Amending Code. Section 10-1-51 related to parking of oversized vehicles is hereby amended to read as follows (deletions indicated by ~~striketrough~~; insertions by underline):

“Sec. 10-1-51 – Parking of vehicles over 12,000 pounds or ~~46~~ 22 1/2 feet restricted.

- (a) *Street parking.* No person owning or having control of any truck, trailer, truck power unit, tractor, bus, or recreation vehicle with a tare or empty weight in excess of 12,000 pounds gross weight or over ~~46~~ 22 1/2 feet (270 inches) in length (including accessories, racks, or other physical extensions) or having a height of more than eight feet from the roadway shall park the same upon any street, avenue, or public way in the City of Plymouth between the hours of 7:00 p.m. and 5:00 a.m. The provisions of this subsection shall not be deemed to prohibit the lawful parking of such equipment upon any street, avenue, or public way in the city for the actual loading or unloading of goods, ware, or merchandise provided the "loading" and "unloading," as used in this section, shall be limited to the actual time consumed in such operation. The common council may, however, designate specific truck parking zones.
- (b) *Removal.* Any vehicle unlawfully parked under subsection (a) above may be removed from the street by order of a law enforcement officer pursuant to section 10-1-32, and the expense of so moving and storing such vehicle shall be paid by the operator or owner of said vehicle as a forfeiture in addition to the penalties hereafter prescribed.”

Section 2. Severability. Should any portion of this Ordinance or the affected Municipal Code Section be declared unconstitutional or invalid by a court of competent jurisdiction, the remainder shall not be affected.

Section 3. Effective Date. This Ordinance shall take effect the day after publication.

Enacted on February 13th, 2024.

CITY OF PLYMOUTH

DONALD O. POHLMAN, Mayor

Date: _____

CLERK'S CERTIFICATE OF ENACTMENT

I hereby certify that the foregoing Ordinance was duly enacted by the City of Plymouth Common Council and approved by the Mayor on the dates indicated above.

MEMORANDUM

To: City Administrator Blakeslee, Mayor Pohlman, Alderperson Gilson, Hildebrand, Nelson, Matzdorf, Schilsky, Tauscheck, Herrmann and Penkwitz.

From: Fire Chief Ryan Pafford

Date: 2/13/2024

Re: Changes to Open Burn Ordinance

The ordinance change being presented to you for the council meeting on 2-13-2024 consists of the following:

- (b) *Residential Fire Pit Construction. Residential recreational bonfire or fire pit areas may be constructed and used with the following conditions ~~and subject to the permit requirement of subsection (d)~~:*
- (2) *~~Ceremonial~~ Non-residential campfire or bonfires;*

These changes are being presented to the common council for a few reasons.

1. In research and talks with surrounding communities, Plymouth is the only community in the area that requires a fire pit permit for residential fire pits. It is difficult to impossible to confirm this permit is being pulled for all residential fire pits.
2. The ordinance change is only to remove the annual permit for residential fire permits. Residential fires must still meet safe distance and placement requirements. Any other types of burning would still need a permit and approval.

If you have any other questions please reach out.

920-893-3744

rpafford@plymouthfd.com

Sincerely,

Ryan Pafford

Chief

Plymouth Fire and Rescue

CITY OF PLYMOUTH
Ordinance No. _____ of 2024

**AN ORDINANCE AMENDING SECTION 5-2-9 OF THE MUNICIPAL CODE OF THE
CITY OF PLYMOUTH, WISCONSIN REGARDING OPEN BURNING**

WHEREAS, upon recommendation of the fire chief, the Common Council of the City of Plymouth finds it best serves the public interest to allow residential recreational fires without a permit when such fires are contained within fire pits constructed and used in conformity with City Code Section 5-2-9.

NOW, THEREFORE, the Common Council of the City of Plymouth, Wisconsin, does hereby ordain as follows:

Section 1. Amending Code. Section 5-2-9, Open Burning, of the City of Plymouth Code is hereby amended to read as follows (deletions shown by ~~striketrough~~, additions by underscore):

"SEC. 5-2-9 OPEN BURNING.

(a) **Open Burning Prohibited.** No person, firm or corporation shall build any outdoor fire within the corporate limits of the City of Plymouth, except as set forth in Subsections (b) or (c) of this Section or as permitted under Subsection (d). Fire disposal of rubbish, trash, or combustible waste is prohibited.

(b) **Residential Fire Pit Construction.** Residential recreational bonfire or fire pit areas may be constructed and used with the following conditions ~~and subject to the permit requirement of subsection (d):~~

(1) Permanent fire pits shall not be constructed within ten (10) feet of a structure or combustible material, unless otherwise approved by the Fire Chief.

(2) Permanent fire pits shall be no larger than forty (40) inches in diameter.

(c) **Exceptions.** Outdoor cooking over a non-wood burning fire fueled by charcoal or propane gas contained in a device or structure designed for such use, provided such fire is constantly attended by a competent person until extinguished.

(d) **Permit Required.** The following fires are subject to a permit granted by the Fire Chief:

- (1) Controlled burning of grass or similar vegetation for environmental management purposes;
 - (2) ~~Ceremonial~~ Non-residential campfire or bonfires;
 - (3) Other occasions of desirable outdoor burning not specified by this Subsection but not as an alternative to refuse removal or disposal of which other methods are available may be granted single occasion approval.
 - (4) The permit shall be granted only after an on-site inspection, consideration of any hazards that could affect adjacent property and observance of any safety restrictions that the Fire Chief may require. All open or recreational fires must be constantly maintained by a competent person until extinguished. A fee of Five Dollars (\$5.00) shall be paid to the City of Plymouth for each permit issued.
- (e) **Chief May Prohibit.** The Fire Chief is permitted to prohibit any or all bonfires and outdoor rubbish fires when atmospheric conditions or local circumstances make such fires hazardous except on written permit from the Fire Chief or any fire warden for said City, which permit shall designate the time and place for such burning. Notice of designation of a fire danger emergency period shall be made by publication of an appropriate order, once in the official newspaper, to be effective forthwith.
- (f) **Burning on Streets.** No materials may be burned upon any street, curb, gutter, or sidewalk.
- (g) **Liability.** Persons utilizing and maintaining an outdoor fire shall be responsible for any liability resulting from damage caused by the fire.
- (h) **Airborne Open Flame Devices Prohibited.** No airborne open flame device may be launched or used, free-floating or tethered, in the City. Airborne open flame devices from neighboring jurisdictions that enter into the City are also prohibited. The term "airborne open flame device" means any airborne device typically constructed from paper with a wood frame containing a candle or fuel cell composed of a waxy flammable material or other open flame which serves as a heat source to heat the air inside the lantern to cause it to lift into the air. "Airborne open flame device" includes, but is not limited to, sky lanterns, sky candles, fire balloons, and airborne paper lanterns excluding manned hot air balloons."

Section 2. Severability. Should any portion of this Ordinance or the affected Municipal Code Section be declared unconstitutional or invalid by a court of competent jurisdiction, the remainder shall not be affected.

Section 3. Effective Date. This Ordinance shall take effect the day after publication or posting.

Enacted on _____, 2024.

CITY OF PLYMOUTH

DONALD O. POHLMAN, Mayor

Date: _____

CLERK'S CERTIFICATE OF ENACTMENT

I hereby certify that the foregoing Ordinance was duly enacted by the City of Plymouth Common Council and approved by the Mayor on the dates indicated above.

Dated: _____, 2024

ANNA VOIGT, Clerk
